

Special Educational Needs and Disability (SEND) Policy

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0-25 (January 2015) and has been written with reference to the following guidance and documents;

- Equality Act 2010: advice for schools DfE February 2013
- SEND Code of Practice 0-25 (January 2015)
- Schools SEN Information Report Regulations (2014)
- Statutory Guidance on Supporting pupils at school with medical conditions April 2014
- The National Curriculum in England Key Stage 1 and 2 framework document September 2013
- Safeguarding Policy
- Accessibility Plan
- Teacher's Standards 2013

Information

The named person who is responsible for managing the provision for SEN at Brockwell Junior School (SENCO) is **Mrs E. Crutchley**

Mrs Crutchley can be contacted through the **School Office on 01246 278542** or via email at enquiries@brockwell.jun.derbyshire.sch.uk

The named Governor for SEND is Mrs E Collis who can be contacted through school on the above number and email.

Our SEND policy has been developed in consultation with our feeder Infant School (Brockwell Infant School.) The content of the policy reflects the SEND Code of Practice 2014 (Jan 15 update), 0-25 guidance. It has been shared with the school's governing body and will be reviewed regularly.

An annual SEND Information Report will be shared with parents, carers and the governing body and published on the school's website.

Every teacher is a teacher of every child or young person including those with SEND. As such, Brockwell Junior School adopts a 'whole school approach' to special educational needs which involves all staff adhering to a model of good practice. All the staff of the school are committed to identifying and providing for the needs of all children in a wholly inclusive environment.

Objectives

1. To identify and provide for pupils who have special educational needs and additional needs.
2. To work within the guidance provided in the SEND Code of Practice, 2015.
3. To operate a 'whole pupil, whole school' approach to the management and provision of support for special educational needs.
4. To provide a Special Educational Needs Co-ordinator (SENCO) who will work with the SEND Inclusion Policy.
5. To provide support and advice for all staff working with special educational needs pupils.

What does SEND mean?

SEND means Special Educational Needs and Disabilities. Children have a special need if they have a learning difficulty which calls for special educational provision to be made. This will be if the child:

- has significantly greater difficulty in learning than the majority of children of the same age
- Or,
- has a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for children of school age within the Local Authority

The area of special need will be identified as either:

Communication and Interaction (This includes children with speech and language delay, impairments or disorders, hearing impairment, and those who demonstrate features within the autistic spectrum).

Cognition and Learning (This includes children who demonstrate features of moderate, severe or profound learning difficulties or specific learning difficulties or specific learning difficulties such as dyslexia, dyscalculia, dysgraphia or dyspraxia).

Social, Mental and Emotional Health (This includes children who may be withdrawn or isolated, disruptive or disturbing, hyperactive or lack concentration).

Sensory and/or Physical Needs (This includes children with sensory, multi-sensory and physical difficulties).

Behavioural difficulties do not necessarily mean that a child or young person has a SEN and should not automatically lead to a pupil being registered as having SEN.

The following are not considered to be SEN but they may impact on progress and attainment;

- Disability (if reasonable adjustments can be made Code of Practice 0-25)
- Attendance and Punctuality
- Health and Welfare
- EAL (English as an Additional Language)
- Being in receipt of Pupil Premium Grant
- Being a Looked After Child
- Being a child of a Serviceman/woman

Identification of Pupils' Needs

All our children are treated as individuals and the class teacher, alongside other support staff, plans an appropriate adaptive curriculum for our children with additional needs to ensure high quality teaching and learning with effective support and resources. Clear individual provision is put in place and reviewed regularly. A range of carefully tailored interventions are developed, reviewed and evaluated to ensure maximum progress and impact for our learners. Key assessments ensure that children are on track to meet targets and planning accurately addresses needs. Progress is regularly reviewed and evaluated to inform the next steps.

A Graduated Approach through Quality First Teaching:

1. Any pupils who are falling significantly outside of the range of expected academic achievement in line with predicted performance indicators and grade boundaries will be monitored.
2. Once a pupil has been identified as *possibly* having SEN they will be closely monitored by staff in order to gauge their level of learning and possible difficulties.
3. The child's class teacher will take steps to provide adaptive learning opportunities that will aid the pupil's academic progression and enable the teacher to better understand the provision and teaching style that needs to be applied.
4. The SENCO may be consulted as needed for support and advice and may wish to observe the pupil in class.
5. Through (2) and (4) it can be determined which level of provision the child will need to move them forward.
6. Parents will be informed fully of every stage of their child's development and the circumstances under which they are being monitored. They are encouraged to share information and knowledge with the school.
7. The child is recorded by the school as being under observation due to concern by a parent or teacher but this does not automatically place the child on the school's SEN register. Any concerns will be discussed with parents informally or during parents' evenings.
8. If a child has been recently removed from the SEN register they may also fall into the being under observation category as continued monitoring will be necessary.
9. Parents' evenings are used to monitor and assess the progress being made by the children

SEN Support

The aim of formally identifying a pupil with SEN is to help the school ensure that effective provision is put in place and so to remove barriers to learning. The support provided consists of a four-part process:

- Assess
- Plan
- Do
- Review

This is an ongoing cycle to enable the provision to be refined and revised as the understanding of the needs of the pupil grows. This cycle enables the identification of those interventions which are most effective in supporting the pupil to achieve good progress and outcomes.

ASSESS

This involves clearly analysing the pupil's needs using the class teacher's assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of parents. The pupil's views, where relevant, and advice from external support services will also be considered. Any parental concerns will be noted and compared with the school's information and assessment data on how the pupil is progressing. This analysis will require regular review to ensure that support and intervention is matched to need, that barriers to learning are clearly identified and being overcome and that the interventions being used are developing and evolving as required. Where external support staff are already involved, their work will help inform the assessment of need. Where they are not involved they may be contacted, if this is felt to be appropriate, following discussion and agreement from parents.

PLAN

Planning will involve consultation between the teacher, SENCO and parents to agree the adjustments, interventions and support that are required; the impact on progress, development and / or behaviour that is expected and a clear date for review. Parental involvement may be sought, where appropriate, to reinforce or contribute to progress at home.

All those working with the pupil, including support staff will be informed of their individual needs, the support that is being provided, any particular teaching strategies / approaches that are being employed and the outcomes that are being sought.

DO

The class teacher remains responsible for working with the child on a day to day basis. They will retain responsibility even where interventions may involve group or one to one teaching away from the main class teacher. They will work closely with teaching assistants to plan and assess the impact of support and interventions and links with the classroom teaching. Support, with further assessment of the pupil's strengths and weaknesses, problem solving and advising of the implementation of effective support, will be provided by the SENCO.

REVIEW

Reviews of a child's progress will be made regularly. The review process will evaluate the impact and quality of the support and interventions. It will also take account of the views of the pupil and, where necessary, the parents. The class teacher, in conjunction with the SENCO, will revise the support and outcomes based on the pupil's progress and development making any necessary amendments going forward, in consultation with parents and the pupil.

Inclusion Panel Funding

All schools receive a notional SEND budget and are required to fund the first £6000 of support that a child with SEND requires. At Brockwell Juniors this fund is used to provide teaching assistant support and pastoral provision across the school. Only if the level of support required exceeds this amount can school apply for additional funding to support inclusion of children and young people with additional needs. Application for Inclusion Panel Funding is only undertaken after consultation with parents and carers.

Referral for an Education, Health and Care Plan

If a child has lifelong or significant difficulties they may undergo a Statutory Assessment Process which is usually requested by the school but can be requested by a parent. This will occur where the complexity of need or lack of clarity around the needs of the child are such that a multi-agency approach to assessing that need, to planning provision and identifying resources, is required.

The decision to make a referral for an Education, Health and Care Plan will be taken at a progress review, or on entry into school.

The application for an Education, Health and Care Plan will combine information from a variety of sources including:

- Parents
- Teachers / SENCO
- Social Care
- Educational Psychologist
- Health Professionals

Information will be gathered relating to the current provision provided, action points that have been taken, and the preliminary outcomes of targets set. A decision will be made by a group of people from education, health, and social care about whether the child is eligible for an EHC Plan. Parents have a right to appeal against a decision not to initiate an EHC Needs assessment leading to an EHC Plan.

Further information about EHC Plans can be found via the **SEND Local Offer**:

www.derbyshiresendlocaloffer.org

Education, Health and Care Plans (EHC)

1. Following the EHC Needs assessment, an EHC Plan will be provided by Derbyshire County Council, if it is decided that the child's needs cannot be met by the support that is ordinarily available. The school and the child's parents will be involved in developing and producing the plan.
2. Parents have the right to appeal against the content of the EHC Plan. They may also appeal against the school named in the plan if it differs from their preferred choice.
3. Once the EHC Plan has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents and the pupil. The annual review enables provision for the pupil to be evaluated and, where appropriate, for changes to be put in place, for example, reducing or increasing levels of support.

What is the Local Offer?

The **SEND Local Offer** is a resource which is designed to support children and young people with special educational needs and/or disabilities and their families. It describes the services and provision that are available both to those families in Derbyshire that have an Education, Health and Care Plan and those who do not have a plan, but still experience some form of special educational need. The SEND Local Offer includes information about public services across education, health and social care, as well as those provided by the private, voluntary and community sectors.

More information can be found on; www.derbyshiresendlocaloffer.org

Inclusion of all Pupils with SEND

The Head Teacher and SENCO oversee the school's policy for inclusion and are responsible for ensuring that it is implemented effectively through school. The school curriculum is reviewed to ensure that it promotes the inclusion of all pupils. This includes learning outside the classroom.

The school will seek advice about individual children, with external agencies when appropriate.

The **admission arrangements** for all pupils are in accordance with national legislation, including the Equality Act 2010. This includes children with any level of SEND; those with Education, Health and Care Plans and those without.

Links with Support Services

The school has a strong working relationship and links with external support services in order to fully support our pupils with SEND and aid school inclusion. Sharing information and knowledge with support services is key to the effective and successful SEND provision at our school.

Support Services include;

- Educational Psychology
- Health – School nurse, Paediatricians, Clinical Psychologists
- COMPASS or CAMHS (Child, Adolescent and Mental Health Service)
- Speech and Language Therapists
- Visual, hearing or physically impaired services
- Physiotherapists, Occupational Therapists
- Support Service for Special Educational Needs
- Inclusion Support Services
- Social Services
- Multi Agency Teams

Working in Partnership with Parents

Brockwell Junior School believes that a close working partnership with parents is vital to ensure the following:

- Information is shared
- Early and accurate identification and assessment of SEN leads to appropriate intervention and provision
- Continued social and academic progress of children with SEND

In cases where more frequent regular contact with parents is necessary, this will be arranged based on an individual pupil's needs. Appointments to see Mrs Crutchley (SENCO) can be made through the school office.

Supporting Pupils and Families

- When moving to a new year group, information is shared with the new class teacher regarding provision, strategies and interventions. All paperwork and reports are also given to the next teacher. When a child moves from Infant School or to Secondary School, staff liaise with each other and share information, records are transferred and additional transition visits are set up for individual children if appropriate.
- More information is available through the LA local Offer at:
www.derbyshiresendlocaloffer.org

Supporting Children in Schools with Medical Conditions

The school recognises that pupils with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010.

Some may also have Special Educational Needs and may have a Statement, or Education, Health and Care Plan which brings together health and social care needs, as well as their special educational provision and the SEND Code of Practice (2014) is followed.

Arrangements are put in place to support individual pupils with their specific medical needs / conditions. Meetings are held between parents, and the relevant medical professionals. Where appropriate, Health Care Plans are drawn up. Staff administering medicines or working with children with specific needs receive regular training. We work in accordance with the Supporting Pupils at School with Medical Conditions published by the DFE in April 2014, the school policy is on the website.

Accessibility

The layout of the school facilitates relatively easy access for adults and children with disabilities to all areas. Doors are sufficiently wide enough for wheelchair access and ramps outside allow access into the school. There is a disabled toilet and the school has an accessibility plan.

Complaints Procedure

If a parent or carer has any concerns or complaints regarding the care or welfare of their child, an appointment can be made with the Head Teacher or SENCO, who will be able to advise on formal procedures for complaint. A copy of the policy can also be found on the school's website.

Evaluating Success

This policy will be kept under review. The governors will gauge the success of the policy by the achievements of the previously agreed targets outlined in the pupils' SEN Support reviews and /or Annual Reviews. In addition, evidence will be gathered regarding:

- Staff awareness and individual need
- Success of the identification process at an early stage
- Pupil observations
- Academic progress of pupils with special educational needs
- Data analysis
- Monitoring of specific interventions and their impact
- Parental feedback / pupil feedback
- Improved behaviour of the children, where this is appropriate
